POLITICAL POT SEETHING ON THE EVE OF WATERLOO

RIVAL FORCES ARE READY FOR BATTLE

Uncertainty Exists as to Result of Chicago Convention.

T. R. MAKES HIS BIG SPEECH

Roosevelt Whoopers Hold Remarkable Mass Meeting—Won't Bolt Till Last Shot is Fired—Both Sides Nervous.

Chicago, June 17.—While still claiming that Col. Roosevelt will control the Republican National Convention and be nominated for President on the first ballot, the Roosevelt leaders spent today working out the details of their plan of attack on the Taft programme as outlined last night. There was no talk of "stampede" among the Taft forces today. The President's adherents asserted positively that their control of the convention through the delegates seated by the National Committee could be menaced by the strategy of the Roosevelt managers.

Moderation was counseled in the two warring camps throughout the day and had its effect. There were occasional flashes of fire and charges of "theft" and "fraud" from the Roosevelt forces, offset by charges of "bribery," and "corruption" from the Taft headquarters, but it was everywhere agreed that the day had been one of quietest preceding a convention in years.

Tonight the Taft leaders were continuing a council of war begun early in the day, while the Roosevelt people were whooping things up at a remarkable mass meeting in the Auditorium theatre, where Col. Roosevelt addressed a cheering mass of humanity. The doors of the theatre had been besieged for hours before they were opened and it seems half the police force of Chicago had been thrown about the approaches to the building.

Uncertainty as to the result of the convention was as prevalent tonight as any time since the National Republican forces began their invasion of Chicago, and neither the Taft nor the Roosevelt headquarters were certain as to the number of delegates they could depend upon with any degree of confidence. The final claims and figures put out each side claiming a clear majority—were those of hope rather than conviction.

One thing appeared certain tonight, that if there is to be a bolt it is a long way off and will only come after every expedient of strategy and parliamentary practice has been exhausted by trained and resourceful fighters. The element among the Roosevelt supporters who counselled moderation among their associates had the satisfaction of apparently defeating the plan to force a motion for the nomination of Theodore Roosevelt the moment Acting Chairman Rosewater should refuse to entertain the proposition of submitting to the convention a Roosevelt list of delegates for the list reported by the National committee.

Although Col. Roosevelt in his speech at the auditorium came as close to sugesting a possible bolt as at any time during his campaign, it had been tentatively decided by the Roosevelt leaders to fight to the end, through all of the parliamentary channels open to them before taking any radical step.

Col. Roosevelt asserted that the men "fraudulently put on the temporary roll by the dishonest action of the majority of the National Committee must not be allowed to vote on their own cases, or to vote on any other."

Then he added: "It is the duty of all the honest members of the convention to fight that action from the moment the convention assembles. It is our duty to the rank and file of the Republican party, it is our duty to the people of this country, to insist that no action of the convention, which is based on the votes of these fraudulently seated delegates binds the Republican party, or imposes any obligation upon any Republican."

This outline of the Roosevelt campaign, coming from the colonel himself, served to set at rest all doubt as to a change of programme from that decided upon at a conference of the Roosevelt leaders last night—to fight from the drop of the hat."

The Roosevelt leaders are going to attempt from the very start tomorrow to appeal their case to the convention itself, minus the contested delegates seated by the National Committee.

The Taft forces in control of the machinery of the big gathering are going to insist that the proceeding shall move strictly according to precedent and that each motion shall stand the test of parliamentary practice.

On the eve of the convention both sides plainly were nervous. It was difficult enough for them to reach any sort of conclusion as to how the delegates finally would line up on the question of the nomination and next to impossible to determine just what delegates or delegations would be depended on to put through the preliminary programme. Some of the delegates instructed for Col. Roosevelt, it was known, would not support all of the moves made by his steering committee on the convention floor, while it appeared equally true that many of the delegates instructed for Taft for President did not feel obligated to support his managers on any other question.

THEO. ROOSEVELT, New York

These facts threw an element of doubt into the situation and gave to every protestive move in the convention an uncertainty unknown in recent years in the Republican party.

The Roosevelt plan tonight stood fairly revealed and but slightly changed from a tentative programme approved last night. It is to force a roll call at the earliest opportunity on the proposition to "purge" the convention of delegates "fraudulently seated by the National Committee" and failing in this the Roosevelt people will submit to a temporary organization of the convention and then carry their fight before the Committee on Credentials, demanding that each case passed upon by the National Committee be re-opened and re-heard. If defeated in this committee, it is the Roosevelt plan to take the contests to the floor of the convention and there to demand a further hearing on each case. This plan carried with it a threat to delay action in the Credentials Committee and the convention for several days, throwing the final sessions of the convention into next week or later.

The Taft managers declared they were not alarmed by this plan of campaign. They asserted that they would control the Committee on Credentials and that committee would make rules which would cut off long debates and bring the hearings on the contested cases to an early close. The committee, it was said, would throw out of consideration all of the contests in which the vote of the National Committee had been unanimous or nearly so. As to what action the convention would take on contests, Taft leaders said they had no doubt.

Suggestion that these tactics might savor of the "steam roller" brought only a shrug of the shoulders. It was explained that the convention must proceed expediously and according to custom.

As the plans of the opposing forces took definite shape today all of the talk of physical violence in the convention seems to die away. Fifty police took charge of the Coliseum tonight, however, and Chief McWeeney announced that he had decided to increase the force on duty in the hall from 250 to 500 men.

Victor Rosewater, of Nebraska, chairman of the National Committee, will call the convention to order promptly at noon tomorrow and will introduce the minister to offer the opening prayer.

The proceedings up to this point, it is understood, will not be interrupted.

As soon as the prayer is concluded Mr. Rosewater will announce that in obedience to the will of the National Committee he presents Elihu Root, of New York, as temporary chairman. A moment will be allowed for other nominations and Senator William E. Borah, of Idaho, will be offered as the Roosevelt candidate. Governor Hadley, of Missouri, floor leader of the Roosevelt forces, was promised recognition today by Chairman Rosewater for all the Roosevelt motions.

Although they have a contested case in Alabama, the Roosevelt leaders have chosen to make their first test on the California vote, characterizing that case as one of the most flagrant of the attempts to thwart the will of the people.

Governor Johnson, of California, will attempt to cast the entire 26 votes of his State for Senator Borah. His right to do so will be challenged by the two Taft delegates from the Fourth district, seated by the National Committee. This will precipitate the fight, and as an incident to it, the Roosevelt leaders are expected to move the substitution of a new roll for the temporary roll reported by the National Committee, the motion to exclude all contested delegates from all States from voting upon the proposition.

Chairman Rosewater who spent much of the day in conference with members of the National Committee and the executive counsel of the Taft supporters, will assert that as chairman of the National Committee he has no authority to entertain any motion whatsoever, that he has nothing to do with the convention itself and that the convention is in no sense the creature of the National Committee. This was the parliamentary solution of the tangle arrived at by the Taft leaders tonight, and it was asserted it would be adhered to through thick and thin.

Some of the more radical Roosevelt leaders, hearing of this plan tonight urged that this be the signal for the "break" and that they proceed forthwith to nominate Mr. Roosevelt in the convention hall. The moderate members of the Roosevelt counsel table urged that the temporary organization of the convention was not the convention itself and that the fire of the Roosevelt forces should be reserved for later in the session. This does not mean there will be an absence of fight from the fall of the gavel. The Roosevelt leaders are anxious to get their stand before the country at the earliest opportunity and they propose to make their position clear—to give definite and general understanding of the principle for which they say they are fighting at the very outset. Colonel Roosevelt urged tonight that the fight begin at once and it will, but the first day may be confiened to the skirmish lines.

It seemed certain tonight that Senator Root would be elected temporary chairman tomorrow over the protests and the votes of the Roosevelt delegates. Colonel Roosevelt and his staff, however, spent much of the day in centering the fight on Mr. Root, the colonel going so far as to appear before the Illinois delegation in person and make a direct appeal to his 56 instructed delegates to vote against the Taft candidate for presiding officer. It was reported later that 20 of the Illinois delegates instructed for Roosevelt would vote for Mr. Root.

Governor Deneen denied this tonight and asserted that not more than 8 of the delegation would support the New York Senator. Colonel Roosevelt is said to have addressed Governor Deneen pointedly and to have told him he would be held personally responsible for the conduct of his delegation.

At a second caucus tonight 41 members of the Illinois delegation voted to support any candidate for temporary chairman presented by the Roosevelt faction. It was assumed that the candidate would be Senator Borah. Six voted in favor of Senator Root, four did not vote and seven were absent.

GEORGIA GOES ON RECORD FOR TAFT

But Two Delegates Say They Will Vote For Roosevelt.

NEGROES BECOME DISORDERLY

J. H. Boone, One of the White Delegates, Calls Them "Bunch of Infernal Scoundrels."—Committeeman Elected.

Chicago, June 17.—Twenty-six of Georgia's 28 delegates to the National convention, including all the negroes, went on record for Taft at the caucus of the delegation today. Clark Grier and J. H. Boone, both white delegates, served notice they intended to disregard their instructions and vote for Roosevelt. Several of the negro delegates became so disorderly while Mr. Boone, who is postmaster at Hazelhurst, Ga., was explaining why he would vote for Roosevelt, that Boone lost his temper and called the disturbers "A bunch of infernal scoundrels."

The negroes advanced on Boone, whereupon he picked up a chair and lifted it menacingly into the air. Peacemakers separated the combatants and Boone retired from the meeting. Later he returned to the hall and apologized to the chairman, Col. Walter Johnson.

Henry L. L. Johnson, the recognized leader of the 12 negroes on the delegation, said he thought Mr. Boone owed an apology to those men he had designated as "scoundrels." Boone emphatically declined to apologize to them and again retired.

The test of the relative strength of Taft and Roosevelt in the delegation came on a resolution that the chairman should cast the delegation's entire vote as a unit for Taft when Georgia was called in the convention. Grier and Boone alone voted "no." J. C. Styles, J. E. Peterson and S. S. Mincoy, whose names were attached to the letter made public last night by Roosevelt headquarters, voted "yes." The three admitted privately they had signed the letter under misapprehensions that the State leaders had gone over to Roosevelt. In spite of the passage of the resolution, any member of the delegation may vote individually, if he pleases, under the rules of the convention.

An important action of the caucus was the election of Henry S. Jackson, of Atlanta, as National committeeman to succeed Henry Blun, Jr., of Savannah.

DELEGATION IN COLLISION.

Several Men and Women Injured—Passenger Train Hit Freight.

Chicago, June 17.—More than a score of men and women, among whom were members of the Georgia Taft delegation to the Republican National Convention, were injured today, some seriously, in a collision between a Pennsylvania passenger train and several empty coaches in the yards of the union station here. The locomotives were partly wrecked and windows in several coaches were shattered.

A. N. Fluker, of Argyle, Ga., a delegate from the Eleventh district, was so seriously injured that the police removed him to a hospital. His spine was injured and he was hurt internally.

OUTLINES

President Taft yesterday vetoed the Army Appropriation bill which would legislate Major General Wood out of office, and gave six specific reasons for taking that course.

The boom for Mayor Wm. J. Gaynor for President was started yesterday with the arrival of many of his supporters at Baltimore. Champ Clark's friends made it known that they would wage no fight on the temporary chairmanship.

Attorney General Wickersham was advised yesterday that the so-called beef trust would dissolve voluntarily.

A mighty welcome was given Roosevelt last night when he delivered his fighting speech at the Auditorium Theatre in Chicago. He outlined his plan of attack and intimated he would bolt if necessary.

Great uncertainty existed last night as to the result of the Republican convention which opens in Chicago today. Both sides claimed they would have a majority. The Roosevelt forces held a great demonstration and their rivals were busy planning the line of attack.

All of the Georgia delegation to the Republican convention went on record for Taft yesterday, although two white delegates served notice they would disregard instructions and vote for Roosevelt.

Hearing was begun in Baltimore yesterday on the petition of the Alabama Consolidated Coal & Iron Co., to restrain the Baltimore Trust Co., from selling $1,250,000 worth of refunding bonds pledged as collateral to secure a note for $330,000.

BOOM IS STARTED FOR WM. J. GAYNOR

The Mayor's Supporters Arrive at Baltimore and Get Busy.

NO FIGHT ON CHAIRMANSHIP

Champ Clark's Supporters Let It Be Known That Any Good Democrat Is Acceptable to Them—Two-thirds Rule

Baltimore, July 17.—Adherents of Speaker Champ Clark for the Presidential nomination came out openly here today and made it known that they would not fight on the temporary chairmanship and that any man worthy of the office would be agreeable to them.

News of the Clark position on the temporary chairmanship was made known by United States Senator Stone, of Missouri, the floor leader of the Clark forces on the convention floor. Senator Stone came over from Washington and conferred with National Chairman Mack and other committeemen. When Senator Stone was informed that the arrangements committee was trying to find a man for the temporary chairman who was neutral to all candidates for the Presidential nomination, he said:

"I am for Champ Clark for President. The names of several men have been suggested to me for temporary chairman, but I desire to say that any man worthy to preside with dignity and fairness is satisfactory to me. The friends of Champ Clark cannot afford to be split up over the confirmation of the mere fleeting honor of a minor office."

Senator Stone said that while he believed that nine out of 10 Democrats were for the abrogation of the two-thirds rule for nomination he did not believe that there would be any action taken towards its abolishment at this convention.

The boom for Mayor Gaynor started in the name of the "Democratic Association of New York," became active late today with the arrival of Jacob A. Canter and William A. Black from New York. A Gaynor dinner was given tonight which was attended by friends of Mayor Gaynor in Baltimore and a resolution was passed pledging the association to work for Mayor Gaynor's nomination.

The high cost of living is to be one of the principal planks in the Democratic platform. National committeemen say this is an issue affecting every one alike and already the consumers league has urged that the party fix its platform. Just what form this take definite action on the question of plank will take has not been indicated, but the Democratic leaders say it will come in for the closest consideration by the Resolutions Committee.

Senator Culberson, of Texas, was in Baltimore today to look after the accommodations of 100 boomers who are coming up from Texas. Discussing the question of whether the two-thirds rule should be changed, Senator Culberson said:

"The rule should stand at the present convention. If it is to be changed, it should be taken up at this convention, discussed and then placed before the Democrats of the country, State by State, for their decisions. The rules need not be changed unless it is ratified by the Democrats of the majority of the States."

A crusade against pick pockets and thieves who are waiting to prey upon the convention crowds is to be commenced early next week by the police who plan to arrest all crooks and hold them in jail until the convention is over. Out-of-town crooks will be identified by police brought here from other cities.

Short of Funds

New York, June 17.—Mayor Gaynor received a message today purporting to be a telegram from a Southern Democrat, who said he had charge of an uninstructed delegation from a Southern State to the National convention at Baltimore, complaining that some of the rural delegates did not have sufficient funds to get to the convention. "If you can assist me," the message concluded, "to get some of these delegates there, in case your name comes before the convention, we will make it of interestt to you."

The mayor, urged to "answer at once," dispatched the following reply:

"You will not be in charge long. Your moral perceptions are too inconspicuous."

California Delegation Leaves.

San Francisco, June 17.—The California Democratic delegates left here today for Baltimore on a special train. The train carries 1,400 quarts of wine, the same amount of grape juice, half a carload of fruit to stock State headquarters, and two Champ Clark mascots, a houn' dog and a bear cub.

Bankhead to Nominate Underwood.

Washington, June 17.—Representative Oscar W. Underwood, of Alabama, Democratic leader of the House, will be placed in nomination for President of the United States at the Baltimore convention by William B. Bankhead, of Jasper, Ala., a former member of the State Legislature and will be seconded by J. Randolph Anderson, of Savannah, Ga.

This decision was announced tonight after a conference at the capital following Mr. Bankhead's arrival from Alabama. Mr. Bankhead is a lawyer, a graduate of both the University of Alabama and the Georgia University law school, an elector at large on the Parker and Davis Democratic National ticket in 1904, and he canvassed Florida and North Carolina in Mr. Underwood's behalf.

Mr. Anderson was a classmate of Mr. Underwood at the University of Virginia and is a great-grandson of Thomas Jefferson.

TEDDY DISCLOSES PLANS FOR FIGHT

Declares Contested Delegates Must Not Vote In Organization.

HE WILL BOLT IF NECESSARY

Cheering Throng Jams Auditorium to Hear Col. Roosevelt's Fighting Speech and Gives Him a Mighty Welcome.

Chicago, June 17.—On the eve of the Republican National Convention, Col. Roosevelt disclosed the line of attack which he will make. He laid down two principles. He said that the delegates whose selection he contests must not vote in the organization of the convention or on the settlement of the contests and made it clear that he would resist. He declared that no action of the convention based on the votes of these "fraudulently seated delegates" would be binding upon the Republican party.

It was at the Roosevelt rally in the auditorium that the ex-President made his challenge. He was facing a cheering throng which jammed the huge building as tightly as the fire marshshal would permit. Reaching far to the rear, to the last line of seats, and to the top of the topmost balcony were solid rows of men and women; delegates from every part of the country, Roosevelt leaders and a host of privates in the Roosevelt army. They gave the ex-President a mighty welcome. Col. Roosevelt made a fighting speech. His hearers were in a fighting mood. They cheered him on as he denounced his opponents and shouted to him: "Go at them, Teddy." "Knock out the steam roller!" "Hit them again!"

Long before Roosevelt reached the auditorium every seat was taken. Outside the building were thousands who were unable to gain admission. Two hundred policemen held them back.

Col. Roosevelt was constantly interrupted in his speech with storms of applause. He frequently departed from his prepared speech for an extemporaneous thrust which brought the people to their feet shouting and waving the flags which were handed to each person on entering the hall.

"I made my fight square and fair in the open and I won," he said. "I don't intend that my opponents shall cheat me out of it."

The colonel gave a new definition of the National Committee.

"The National Committee!" he exclaimed, "Who are they? About 50 people with the ratio of honesty ranging from about four to twenty and the remaining 30 sure thing men."

Col. Roosevelt began to call the roll of some of his most prominent opponents. At the first he mentioned, a groan came from the crowd. With the next the groan became a roar.

To preserve peace the colonel gave up his roll call. He said that his chief opponents on the National Committee were men who had been repudiated in their own States.

"It is bad enough," he complained, "to have the victory stolen by the bosses that are living, but it is an added outrage to have it stolen by bosses that are among the unburied dead."

When Col. Roosevelt said that any action of the convention, if brought about by the votes of delegates fraudulently seated, would not be binding upon the party, there came the wildest outburst of applause of the evening. The crowd leaped up with a shout and refused to be quieted, despite the colonel's attempt to continue.

"If they ask for the sword," said he, when at last he could make himself heard, "they shall have it."

MAKES OUTDOOR APPEARANCE

Roosevelt Greets His Glee Club and Cheering Throngs

Chicago, June 17.—Colonel Roosevelt made one outdoor appearance today when the Chicago Roosevelt Glee Club, headed by a band, stopped in front of the Congress Hotel. The crowd began to cheer as the band stopped and called for Mr. Roosevelt. In answer he appeared at his window and said: "You have printed out there," pointing to the various banners borne by some of the marchers, "a good many of my views. So all I have to say is that we wish a square deal—and we are going to have it."

The banners pointed out by Mr. Roosevelt bore these legends:

"The American people will not tolerate crooked political methods."

"Roosevelt for his country; Taft for his enemies."

"Stealing delegates is a blacker crime than stealing horses and you know what they do with horse thieves."

"Let's bite a hole in Taft's steam roller."

The crowd applauded vigorously.

TAFT REFUSES TO SIGN ARMY BILL

President Vetoes Measure Which Would Oust Major Gen. Wood.

GIVES SIX SPECIFIC REASONS

Says Army is Too Vital an Institution to be Made a Victim of Hasty Legislation—Inappropriate at Present.

Washington, June 17.—The President today vetoed the army appropriation bill. He returned it to Congress with a message indicating his disapproval of the legislative provision which would oust Major General Leonard Wood from the office of chief of staff, on March 4th next. In his message the President said:

"The army of the United States is far too vital an institution to the people of this country to be made the victim of hasty or imperfect theories of legislation. As was pointed out by the chairman of the Senate Military Committee, it is well known that the war college and the general staff have been for many months engaged upon a comparative plan of army re-organization. At the present time, therefore, it is especially inappropriate, in my opinion, to force upon the statute books legislation enacted without the usual deliberation and care."

The President gave six specific reasons for finding the bill objectionable. They were:

Its provision limiting the eligibility of officers to be chief of staff. This position the President called the most important in the army bill and adds that its operation in years past would have disqualified the army's most brilliant officers.

The bill would reduce the number of the general staff, crippling the most important corps of the army.

In the limitation of the period during which an officer must remain upon detached service for staff duty, the President said the organized personnel of important War Department bureaus would be disorganized. The President also referred to the fact that all the officers of the Bureau of Insular Affairs, except its chief, would be removed; all officers of the Philippine constabulary would be relieved January 1st, and all but one of the line officers now constructing the Panama canal would be relieved as well.

The President condemns the bill's provisions changing the enlistment term from three to four years, calling it contrary to enlightened military policy and declaring it would make impossible the establishment of a proper reserve.

The proposed commission to report on the policy of army posts was criticised by Mr. Taft as obstructing rather than furthering the solution of a difficult problem.

There would be a deficiency under the bill in the pay of the army alone of more than $2,000,000. The economy claimed for the bill, the President said, was arrived at merely by failure to appropriate over $3,000,000, which will be needed before the end of the coming year.

Chairman Hay, of the House Military Affairs Committee, issued a statement in which he accused the President of misstating the facts and resorting to disingenious argument. Mr. Hay declared the President had vetoed the bill to give himself valid reasons for vetoing the legislative bill which contains the provision to abolish the Commerce Court.

While President Taft did not mention Major General Wood by name, he made it plain that one of his reasons for vetoing the bill was its provision to legislate that officer from his office as chief of staff of the army on March 4th, 1913.

The President pointed out that the limitations imposed upon the incumbent of that office by the terms of the bill would have disqualified many of the army's most brilliant officers. The President also objected to the provision which would have removed officers of the Philippine constabulary, the Panama canal work and the Bureau of Insular Affairs.

So now the army bill rests in committee and the army's appropriation for the coming year will be unprovided for until it is re-passed without the features to which President Taft objected, or until a resolution extending the appropriation of the present year to the next is put through.

Albuquerque, N. M., June 17.—Governor McDonald, who refused to be quoted in the matter, tonight let it be known that he would attempt to prevent the Flynn-Johnson fight at Las Vegas on July 4th.

THIS TO BE A STORMY WEEK.

Cooler Weather for Next Few Days Also Predicted.

Washington, June 16.—An eastward storm now over the Great Lakes and another disturbance to cross the country, appearing in the northwest about Thursday, were announced in the weather bureau's week-ahead forecast tonight.

The prediction was for showers in the East and South the first part of the week with rising temperature and cooler weather until the latter part of the week in the Middle West and the Eastern States, and fair the next several days over the Middle West and Far West.

The next disturbance from the Northwest, prevailing over the Middle West at the close of the week, will be attended by local showers and thunder storms and preceded by a general rise in temperature.

DEVELOPMENT IN SOUTH.

Seaboard Offers Unlimited Opportunities, Says Warfield.

Atlanta, Ga., June 17.—For the purpose of interesting Atlanta and other Southern capital in the Seaboard Air Line Railroad, S. Davies Warfield, of Paltimore, head of the syndicate which recently purchased a controlling interest in that road, conferred with capitalists here today.

According to Mr. Warfield, the purchase of the Seaboard is part of the plans of the Southern Settlement & Development Association, organized several months ago at Baltimore by Governors of eight Southern States, and several score prominent business men.

"The Seaboard deal is the first big step we have taken in the development work," said Mr. Warfield. "It will offer almost unlimited opportunities for the commercial evolution we have in view."

CONGRESS ALMOST IN ECLIPSE.

Few Meetings May Endanger the Annual Appropriation Bills.

Washington, June 16.—Congress will be in almost a total eclipse during the next fortnight. The Senate, perfunctorily meeting a few minutes every third day, will transact no business. The House may pass the Sundry Civil Appropriation bill tomorrow.

The delay of enactment of a dozen annual appropriation bills, which provide for the operation of the government, will make it necessary for both houses to pass a concurent resolution about July 1st, continuing the present supply bills into the next fiscal year for a brief period, with probable later extensions of the period. The last similar embarrassing situation was in the 53rd Congress, almost 20 years ago.

WHO IS L. B. HALE?

When Mr. A. D. Watts left Washington and came to North Carolina to enter politics he resigned his clerkship to Senator Simmons' committee and ceased to draw a salary from the government.

To know how little importance may be attached to Mr. L. B. Hale's letter in The Star Sunday it is only necessary to know who he is, and the following card published in Fayetteville explains this:

"Mr. Godwin's friends are using the argument that the nomination of Mr. Sinclair would cause Mr. L. B. Hale to lose a little clerkship in Washington.

"Is Cumberland to give up the tremendous advantage of having a Congressman to keep a Fayetteville man in a little sinecure clerkship? Have Mr. Godwin's managers found him such a weak candidate in Cumberland that they have decided to drop him and run Louis Hale against Sinclair? With Sinclair in Congress every one knows that he would make good there as he has done as Solicitor and the county and city would reap the benefit. What benefit does the county derive by having Hale in the clerkship? Mr. Godwin is chairman of the Committee on Reform in the Civil Service, and Mr. Hale is clerk to that committee. That committee has not made one single report to Congress since Mr. Godwin has been its chairman, and probably will not, as Mr. Hale has not rendered any service since March. For three months he has been away from his post of duty, with Mr. Godwin's consent, working politics for Mr. Godwin in North Carolina, and all that time drawing pay from the peoples' money in the Treasury at the rate of $6 per day, including Sundays.

"That is reforming the Civil Service with a vengeance! Which will be worth more to the county and city—Louis Hale, clerk of a committee that has nothing to report and that does not even require his services or presence, drawing $6 per day of the peoples' money, or Sinclair in Congress where he will make good as he has everywhere else, and will see that our people get what they want and need?" **

BRYAN CHATS WITH T. R.

Declines Offer of Steam Roller—Will Not be Needed.

Chicago, June 16.—William Jennings Bryan was a centre of attraction in the pre-convention scene today and though appearing at the headquarters of leaders of an opposing party as a newspaper reporter, was given a demonstration by the throng of visitors and delegates.

Mr. Bryan had a personal chat with Theodore Roosevelt late in the day after he had interviewed Senator Dixon, the Roosevelt campaign director, and Managing Director McKinley, of the Taft bureau.

As he entered the hotel lobby, elbowing his way through the crowd, some one shouted: "Hurrah for Bryan!" and the Nebraskan was given a demonstrative welcome.

He was cheered for several minutes and continuous cries of "Speech! speech!" came from all parts of the lobby. Mr. Bryan waved his hand to the crowd and remarked to those near him that he had come "merely as a newspaper reporter" and not seeking the Presidential nomination from a Republican convention.

"I came to see your 'steam roller'," said Mr. Bryan, as he shook hands with Congressman McKinley. "Is it anywhere in sight?"

"No, we have laid it aside," said Mr. McKinley, "but would be glad to lend it to you if you would like to have it at Baltimore."

"Oh, no, we Democrats do not need it," Mr. Bryan laughingly responded. "We are going to hold a model convention."

146 NEW PHYSICIANS.

38 Applicants Failed to Pass—State Health Officers Meet.

Hendersonville, N. C., June 17.—The medical examiners of the State completed their work today and selected Dr. W. W. McKenzie, of Salisbury, as president to succeed Dr. H. H. Dodson, of Greensboro. H. K. Hayes, of Oxford, was re-elected secretary. Thirty-eight applicants for license failed to pass the examinations. One hundred and twenty-one passed on written examinations and three on oral, there being 22 licensed by reciprocity.

The State Health Officers' Association met here today in its second annual session. Dr. J. W. Brown made the address of welcome, the response being made by Dr. W. S. Rankin, of Raleigh. Dr. L. B. McBrayer, president, of Asheville, made a short address which was followed by reports of officers and committees and numbers of brief speeches. J. Y. Joyner, Dr. Poteat and others spoke tonight.

Scores of physicians from various parts of the State supplement the large number here today to attend the 59th annual session of the State Medical Society, which convenes tomorrow for a session of four days.

The State Health Officers' Association tonight elected Dr. L. N. Glenn, of Gastonia, president; Dr. George M. Cooper, of Clinton, vice president, and Dr. W. S. Rankin, of Raleigh, secretary and treasurer.

WRIGHTSVILLE BEACH

Mr. J. W. Dukes and daughter, Miss Annie May, of Newbern, spent Sunday at the beach.

Mrs. Arthur Einstein, of Wilmington, is spending some time at the Hanover Inn.

Miss Rosa and Annie Watters, of Goldsboro, were among the visitors at the beach Sunday.

Announcement is made that beginning this week special concerts will be given every Saturday afternoon from 4 to 6 o'clock at Lumina.

Among the many new places opened at the beach this season is the Paris cottage, conducted by Mrs. Hattie B. Paris. Many friends expect to be guests at the cottage during the season.

Messrs. T. E. Weston, B. F. Baldwin, R. E. Powell, F. M. Smith, Mrs. Helen Gantt Mims and Miss Allene Smith, of Whiteville, spent Sunday at Wrightsville Beach, guests at the Seashore Hotel.

Mr. and Mrs. T. A. Green, of Spartanburg, S. C., are among Sunday's arrivals at the Hanover Inn. Mr. Green is interested in the proposed new commercial hotel to be erected in Wilmington at a cost of $200,000 and his visit is on business in connection with the hotel.

Atlanta Constitution: "Mrs. W. E. Johnson is spending two weeks at Wrightsville Beach.——Mr. and Mrs. William A. Parker and children and Miss Louise Parker, Miss Myra Clarke Scott and Miss Mary Murphy will leave Thursday for Wrightsville Beach."

Mr. and Mrs. S. H. Wiley, of Salisbury, are spending some time at Wrightsville Beach, guests at The Seashore Hotel. Mrs. Wiley was formerly Miss Nannie Hay, daughter of Mr. W. D. Hay, of Raleigh, and has many friends in Wilmington, where she frequently visited Miss Del. Burbank.

Splendid concerts were given Sunday at the Oceanic and Seashore hotels and the programmes were enjoyed by a large number besides the regular guests. The Seashore Hotel concert began at 11:30 A. M., and the concert at the Oceanic began at 4 o'clock in the afternoon. The concerts proved a strong feature at both hotels.

Mr. T. W. Tilghman and Miss R. Vance Tilghman, of Wilson, and Mr. and Mrs. Asa T. Crawford, of Williamston, composed a fishing party from the Oceanic Hotel yesterday morning. The party was out about an hour and had a fine catch of black bass, pig fish, etc. They went out in the launch "Suwannee," Capt. Van Salter.

Among Sunday's registrations at The Seashore Hotel were: J. Ross McNeal, J. G. McCornish, Burgaw; Mr. and Mrs. R. L. Barnwell, Atlanta; B. J. Sanderlin, Whiteville; Geo. F. Aringer, Laurinburg; Leon C. Steele, Norfolk, Va.; B. H. Vogle, University of Virginia; Miss M. Moore, Fayetteville; John Daniels, Conway, S. C.; H. L. Myover, Fayetteville.

Mrs. E. L. Lloyd and little Miss Mabel Farr Lloyd, of Georgetown, S. C., and Mlle. M. Gilma, of Paris, France, who have been the guests of Mrs. Chas. N. Evans at her cottage on the beach for the past ten days, left last night for Norfolk, Va., where they will visit relatives of Mrs. Lloyd before sailing for Paris, where they will spend some time.

Among the arrivals at the Seashore Hotel yesterday were: S. T. Reid, J. W. Brown, I. H. Greenwald and M. Greenwald, Spartanburg, S. C. This makes quite a party at the Seashore from that South Carolina city. Others arriving yesterday were: Mr. and Mrs. W. J. Dodge, Chattanooga, Tenn.; Mr. and Mrs. M. Lynch, Rowland, N. C.; Mrs. D. S. MacRae, Fayetteville.

Announcement is made that the management of the Oceanic Hotel plans to have morning dances at the hotel once or twice each week. The dances would be held in the splendid assembly hall on the second floor of the hotel. Arrangements for the dances are in the hands of several ladies and it is expected that the first dance will be given in a few days. Music will be furnished by the hotel orchestra.

Mr. W. C. Carrington, of Spartanburg, S. C., and party made another fishing trip outside yesterday from the Seashore Hotel and, of course, had splendid luck as usual, 375 fish being caught. In the party besides Mr. Carrington were H. C. Wood, Philadelphia; W. D. Bost and Wm. E. McAdams, Atlanta; Geo. F. Aringer, Laurinburg, and C. S. Steele, Charlotte. The party went out in the sharpie Vergia May, Capt. Wells.

The Oceanic Hotel has just completed a handsome new boathouse and pier extending out several feet in the water on the channel side. The walkway leading from the hotel to the boat house is paved and brilliantly illuminated with electric lights, which were turned on last night. The new boat house and pier is quite an addition to the beach and will no doubt prove very popular to the many guests of the hostelry.

The Hanover Inn, Wrightsville Beach's newest hotel, had an unusually large number of guests Sunday, especially for dinner and supper. The Hanover is making a specialty in dining room service. The hostelry has already made an enviable record for variety of food, daintily served and well cooked. Every day large parties go down from the city for dinner or supper. There are also a large number of regular guests at the hotel.

Mrs. G. P. Hugeley, Mrs. P. H. Norcross and Miss Frances Patton, of Atlanta, who are prominent in social circles of the Capital City of Georgia, are spending some time at the Oceanic Hotel, Wrightsville Beach. Among the other arrivals yesterday were Mrs. Pentecost, East Orange, N. J.; J. M. Camp, Franklin, Va.; Mr. R. A. Thompson, a well-known real estate man of Atlanta, and Mrs. W. E. Kindley and little son, W. E., Jr., of Fayetteville.

Yesterday's arrivals at the Seashore Hotel included Misses Jessie and Annie Prestwood, two charming young ladies of Florala, Ala., who are musicians of note. Both are well-known singers of superior ability and are also accomplished performers on musical instruments. They have come to fill a two-weeks' engagement at the popular hotel. They were heard with great pleasure in solo work at the hotel yesterday. They will also aid the orchestra, which will then consist of nine pieces.

Mr. G. H. Haury, a "lone mariner," bound from Jacksonville, Fla., to Philadelphia, in the launch "Roamer," put in at Wrightsville Beach, in the channel near the Oceanic Hotel Sunday afternoon to repair a leak in his craft caused by a terrific pounding on Masonboro bar. In anchoring his craft yesterday he got on a sand bar, where his vessel remained for two hours. Capt. Haury, who is a very pleasant and affable man, making many friends during his stay at the beach, expects to leave today for Beaufort, N. C.

Saturday's Atlanta Georgian: "Mr. and Mrs. Harry Stearns and children leave next week for Wrightsville Beach. Life at Wrightsville is gay with Summer pleasures, one of the merry launch parties of recent date having been tendered to two popular Atlanta visitors, Misses Jane Thornton and Dorothy High, Mrs. T. T. Williams being the hostess. Other Atlantans at Wrightsville are Mr. and Mrs. Arnold Broyles, Dr. and Mrs. W. C. Jarnagin, Miss Erksine Jarnagin. Mr. and Mrs. George Forrester leave next week for that place."

In honor of her seventh birthday little Miss Ada Robinson Evans, daughter of Mr. and Mrs. Chas. N. Evans, entertained a number of her young friends at the cottage of her parents on the beach Saturday morning. This was the fourth year that little Miss Ada has celebrated her birthday with a party on Wrightsville Beach. There were about 25 children present, a number going down from the city. Refreshments were served, and a number of games were played by the little folk. The morning was greatly enjoyed by all.

The first Spanish mackerel of the season were caught off the Seashore Hotel Sunday afternoon by a party of young people from the hotel. This is early for Spanish mackerel in these parts and the fact that the honor of catching the first belongs to novices with the hook and line have made the older fishermen not a little bit envious. The party was given by Mr. W. I. Hicks, of Rocky Mount, complimentary to Miss Annie Quarles, of Rocky Mount, who is spending the Summer at the Seashore. In addition to five Spanish mackerel the party caught two large bluefish, about the largest seen on the beach this season, and a number of other fish. They were out from 4 to 6 o'clock in one of Capt. Wells' boat. The party was composed of Messrs. H. M. Ashley, W. P. Auld, J. Alderman, Greensboro; W. I. Hicks, Rocky Mount; H. C. Wood, James Divine, Misses Mamie Lively, Louise Winthrow, Annie Quarles, Mrs. F. B. Quillen.

Sunday at the resort was easily the biggest day of the present season, and according to the records of the Tidewater Power Company over 3,500 people visited the beach. The day was probably the warmest of the Summer, and with the mercury above 85 there was an exodus of Wilmingtonians, thousands going down to spend the entire day or a part of it at the seaside. In addition there were several hundred visitors for the day from nearby towns.

The concerts at the hotels in the morning and at Lumina in the afternoon and evening were all heard by large audiences. Excellent programmes were rendered at each concert. In the afternoon many enjoyed a dip in the surf, the refreshing qualities of the cool salt water being especially delightful on account of the heat. Over 500 were in the surf at Lumina during the afternoon and many went in from the hotels and cottages.

The hotels benefitted by the large crowds for many of the Wilmingtonians and one day visitors to the resort took their meals at one of the several popular hostelries during the day.

ALL PLANS OF MERGER OFF.

Certain Stockholders of Jefferson Standard Want Office Moved.

(Special Star Correspondence.)

Raleigh, N. C., June 17.—With all plans for a merger of the Jefferson Standard and the Greensboro Life Insurance Co., finally abandoned on account of being unable to get a unanimous agreement for such merger among the policyholders as well as the stockholders, the Jefferson Standard, of Raleigh, still finds a discordant element among its stockholders that desires to move the home office from Raleigh to Greensboro or Charlotte. And, in order to finally settle and put an end to all talk of any change in the affairs of the company, a special meeting of the stockholders is called for June 21st, when this suggestion on the part of a small minority will be finally disposed of and steps taken to give the company a settled working basis again after the disturbing conditions that have characterized the long drawn out contest over the question of merger.

DIED AT AGE OF 126.

Colored Woman Who Was Born During Washington's Administration.

(Special Star Correspondence.)

Kinston, N. C., June 17.—At 11 o'clock yesterday, Rev. P. L. Clark was installed as pastor of the Presbyterian church here. Rev. J. N. H. Summerrell, of Newbern, delivered the charge to the pastor and propounded the constitutional questions. Ruling Elder Leo D. Heartt, of Raleigh, delivered the charge to the congregation. Rev. Mr. Summerrell preached sermons in the morning and at night.

Anica Hardy, colored, died near LaGrange, of old age. The venerable woman was born during President Washington's administration, and was 126 years old, it is said. Records in the possession of L. Hardy, of the well known family of that name in the western part of the county, are authority for the figures. "Aunt" Anica had lived in Moseley Hall and Institute townships practically all her life, and was one of the most picturesque and interesting characters of the section.

The State Conference of the Epworth League came to a close in the Queen Street Methodist church last night, after the most successful annual session in the body's history. Yesterday morning Dr. H. K. Boyer delivered the conference sermon, in the afternoon Rev. F. S. Love, of this city, and Miss Iver Ellis, of Durham, conducted a model missionary meeting, and at night a consecration service, followed by communion, was held. All of the 150 visitors, delegates and others, left for their homes throughout the State today.

The widow of James Jenkins, a negro, was awarded $300 damages in Superior Court in a case in which she had sued the Kinston-Carolina Railroad for $6,000, following Jenkins' death on that road. The man was killed while coupling cars. The case had taken several days to try, and the jury spent many hours in making a verdict.

S.S.S. NATURE'S TONIC

The very great majority of persons need a tonic in the Spring or early Summer. The system undergoes a change at this season and the entire physical machinery is disturbed. The general bodily weakness, a tired, worn-out feeling, fickle appetite, poor digestion, a half sick feeling and a general run-down condition of the system, show that the blood is weak or anaemic, and a blood purifying tonic is needed to build up the deranged system and enrich the blood. The use of S. S. S. at this time may save you from a long spell of sickness, and it will certainly prepare you for the long, hot Summer. Many people have put off using a tonic until the system became so weakened and depleted it could not successfully throw off disease germs, and have paid for the neglect with a spell of fever, malaria or some other debilitating sickness. S. S. S. is Nature's ideal tonic. It is a composition of the extracts and juices of roots, herbs and barks which science and experience have proven are best fitted for a tonic to the human system. It contains no minerals of any kind and is therefore perfectly safe for persons of any age. S. S. S. tones up the stomach and digestion, rids the system of that tired, worn-out feeling, and imparts vigor and strength to every part of the body. It purifies and enriches the blood, stimulates the secreting and excreting members to better action, quiets the over-strained nerves, and makes one feel better in every way.

Tuesday, June 18, 1912.

At Baltimore next Tuesday: For President—Woodrow Wilson, of New Jersey.

If today is the beginning of the end of Republicanism, it is well—for the people.

It remains to be seen whether Taft's steam roller can run over Roosevelt's money bags on the last go round.

It is hoped the delegates to the National conventions will be swayed more by reason than they are by oratory.

Congressman McKinley, Taft's manager, pronounced Roosevelt's arrival in Chicago as the Rough Rider's "last big bluff."

Nothing on earth can prevent Col. Bryan from being present in person or spirit in the blooming city of Baltimore next Tuesday.

The day of wild rumors is here. No mere tame affair can any longer challenge attention. The spectacular and the bizare occupy the stage.

Teddy said he wanted to leave it to the people but his presence in Chicago proves that he trusts more to stampeding the delegates.

Today and tomorrow attention is centered at Chicago. Next week the public eye will be cast in the direction of Baltimore. Hurrah for Baltimore!

One of the objections to woman suffrage might be that some of our lady friends might get contrary and vote the Republican ticket under a wrong impression.

The so-called steam roller "can go so far and no farther." The steam roller is like a political boss who can only play the role as long as public sentiment permits him to exercise jurisdiction. Aroused public sentiment corrects all abuses.

The steam roller has no real existence. Taking hold of a situation with a firm hand is what looks like a steam roller if it puts us out of business. If it keeps us in we simply regard it as the triumph of right. It depends upon the point of view.

No doubt the suffragettes will be treated with gallantry and consideration at Chicago and Baltimore. Women in six States will vote for President and the politicians ought to know how to act so as not to put the noses of the women voters out of joint.

If people do not like to be set by the ears over politics, it is always a good idea to get rid of the fellow who is always starting something, especially when there is not much in it. It is curious how many politicians hope to get something by starting something.

It hasn't been so very long ago that the woman suffragists of New York displayed an ugly cartoon of Col. Roosevelt. Now he has come over to them. Did he do it in order to get them to quit cartooning him? There may be times when an ugly picture can be considered as a good argument.

The latest report from Chicago is that the Roosevelt price for a colored delegate is $1,000. There is also a report that 66 of Taft's colored delegates have deserted to Teddy. A bandwagon moving in a spectacular way is enough to catch the colored delegate, but one hundred $10 bills is more likely to cause a much derised stampede.

AT CHICAGO TODAY.

Chicago is on the tip-toe of expectancy today. The National Republican convention will assemble to nominate a President and it is a toss up whether the nominee will be Taft or Roosevelt. According to a careful recast of the delegates neither of them can get the necessary 540 votes to nominate him on the first ballot. They are pretty close together on accredited delegates, while the 40 delegates of LaFollette and Cummins hold the balance of power.

If that is the way the situation stands, the result will depend on the vote of the LaFollette and Cummins delegates when they are released from their pledge to stick to their candidates as long as there is a hope of their nomination. However, wild rumors seem to indicate that treachery of the Taft delegates will not make it necessary for the LaFollette and Cummins delegates to break away at all. It is a scandalous situation, but the latest dispatches show that both the Roosevelt and Taft managers acknowledge it, charging chicanery, intrigue and corruption in the final hour of getting delegates.

Right on the eve of the convention the claims and counter claims of the Roosevelt and Taft forces indicate that there is a great deal of uncertainty about the situation. The Roosevelt manager declares with confidence that the Rough Rider will be nominated. On the contrary, the Taft manager asserts that the victory will be with the President. However, there is something ominous in the fear and declarations of the Taft men that Roosevelt's adherents are attempting to buy up the Taft delegates, especially the negro delegates sent from the South under instructions to support the President. The Taft men claim, however, that the attempt to "steal" their delegates has been broken up.

We are led to believe that such is not the case, for the Roosevelt leaders make the frank statement that regardless of what the final round up of delegates may show, the stampede to Roosevelt already has commenced. That means nothing else than that delegates pledged to Taft have been tampered with and that they have deserted him and will support Roosevelt. That is the only meaning of a stampede, and if it occurs it will show that the Taft delegates have been bought over or seduced in some way by the Roosevelt leaders. There is strong reason for believing that there will be desertions among the Taft delegates from the South. Whether that would be right or not is a different question. If it is done, there is no law against it, while it is among the very strong probabilities.

Roosevelt has declared that he does not want the nomination except at the hands of the people, but despite his virtuous proclamations he is willing for instructed and pledged delegates to leave Taft and come to him. There is extreme doubt of the morality of his willingly becoming the beneficiary of voluntary desertions, but certainly there is none in the purchase of delegates or in using seductive means to make Taft delegates break their pledge. No honorable man should accept the reward of treachery. Despite Roosevelt's claims that he wants the people to rule and that he wants only what is his by right, we are prepared to firmly believe that he would welcome the deserters whether he would buy them or coax them or not. We see no use of mentioning any "ifs or ands" about that, for we know that Roosevelt would accept the nomination if he knew positively that the deserting delegates were committing a wrong in proving treacherous to Taft and violating their pledge to the people who sent them to Chicago to vote for Taft.

Of course, this shows our great lack of confidence in Roosevelt's pretensions to morality, virtue and honor, but we can make it stronger by saying that we would not put him past plotting with his managers to secure the nomination from Taft by fair means or foul. The very fact that the Roosevelt crowd is boasting of the desertion of Taft delegates is strong proof of what we have said, and acceptance of an immoral and scandalous nomination on the part of Roosevelt would be all the proof that is necessary to show that he is a moral and virtuous humbug.

As usual at National Republican conventions, the Southern negro is being used as the tool of corruption and wrong doing. The negro had a chance to prove at this convention that he had some stamina and conception of uprightness, but it is painfully significant that the Roosevelt leaders are boasting that a Taft negro from Mississippi has flopped. The dispatches yesterday state also that five of Taft's Georgia delegates have signed a statement that they will desert Taft and go to Roosevelt. If more is needed to show the willingness of the Roosevelt crowd to take the nomination, not at the hands of the people but from treacherous delegates, the statement given out at Roosevelt headquarters on Sunday night is ample proof of it. That statement was to the effect that as the result of a big Roosevelt meeting Saturday night by more than 2,000 negroes, 66 colored delegates declared that they would desert Taft for Roosevelt.

The dispatches say "there is undoubtedly a decided revolt among the colored delegates who were instructed for Taft but who will disregard instructions." It is said, moreover, that "powerful influence is being brought to bear upon them, not with money alone, but with the belief that Roosevelt is a better friend to them than Taft." On the heels of that, F. H. Cook, a negro delegate from Louisiana, has made an affidavit that he was offered $1,000 to desert Taft. Director McKinley made that affidavit public at Taft headquarters Sunday night. If it be true that delegates are deserting and being bought, it is pretty safe to say that the nomination is Roosevelt's. His crowd, therefore, may know what they are talking about when they express confidence that the Rough Rider will be nominated at Chicago.

If the Negro delegates again permit themselves to be bought, it will give them a sorry place in the National politics of this country. It will revive the scandal emphasized by General Russell A. Alger when he was once defeated for the nomination. The Southern delegates were instructed for him, and a count up showed that he had a majority. However, when he was defeated and was asked to explain it, he simply answered: "Why, they bought up my niggers."

THE SOAP BOX PRIMARY AGAIN.

The Democratic Congressional primary to be held today in the Sixth District will once more emphasize the ridiculousness of a soap-box primary. The day is past when makeshift methods of making nominations will receive the serious attention of men. This one today ought to be the last when such a condition can occur as was shown by the statement of County Chairman George Harriss in Sunday's Star.

That condition is that with the primary to be held today, no definite arrangements had been made for holding the election in Wilmington and New Hanover county. There was no money to pay the pollholders, but some sort of election will be held whether it will serve to emphasize the will of the voters or not. When will the Democratic party in North Carolina quit bringing reproach on itself for its failure to provide a legalized primary system for making nominations in North Carolina?

The chaos and uncertainty existing in the National Republican convention at Chicago today is the result of the slack twisted methods existing in both parties as a means of getting at the will of the people. Present methods are worse than puerile, and they will more than ever be regarded with the contempt they deserve from men who want to see nominations made according to order and system. If this is a government by the people, it is time that the people are recognized as being capable of making their nominations in primary elections closely hedged about by law. That is the only kind of nominating method that men will care to be bound by, and the absence of it accounts for the supreme indifference with which precinct meetingts and makeshift primaries are regarded.

THE HISTORIC ROOSEVELT

The "historic Roosevelt" has gone a glimmering. The real Roosevelt is all that is left of him. The Roosevelt to have been handed down to history was the dignified and grand man who would have lived out his days as the country's honored ex-President. He had such a fine opportunity to be the historic Roosevelt, but third termism caused him to furnish us the undignified spectacle of tossing his hat into the ring.

The last chance he had to retain some historic renown, was to keep away from Chicago. It was desired by his admirers that he should quietly remain at Oyster Bay and abstain from mixing with the common herd at Chicago as a delegate-getter. The New York Sun pathetically appealed to him to remain a grand, historic figure, "not for the Sun's sake but for his own."

If he would not do it for his own sake he should have done it for his country's sake. However, the colonel cared not for the sacredness of history. He preferred to "knock 'em through the ropes" and "stand 'em on their heads." Alas! The New York World knew Teddy cared nothing for remaining a grand and revered figure. "Of course," said the World, "he'll go to Chicago, since only Mr. Roosevelt in person can confound the crooks, liars, thieves, brigands, pirates, highbinders, etc., who are trying to destroy the Republic by nominating Taft."

He did exactly as the World predicted. He is in Chicago, and is in the thick of this week's scandal.

CURRENT COMMENT.

One of the things to do with our ex-Presidents is to keep them ex-Presidents.—St. Louis Republic.

The Democratic convention will open with prayer, but the Lord knows what it will close with.—Baltimore Sun.

There seems to be some question as to whether the gathering at Chicago will prepare a platform or an obituary.—Hartford Times.

Representative Cannon will not attend the Chicago convention, a reminder that rats always desert a sinking ship.—Rochester Herald.

The case of a hog that lived 100 days without food suggests that starving out the trusts may be a bigger task than some persons think.—New York Herald.

And the probabilities are that either one of the gentlemen will find it easier to win in the Chicago convention than in the election this Fall.—Durham Herald.

From Colonel Roosevelt's comments on Mr. Barnes of New York, we gather that that estimable statesman lacks quite a good deal of being a perfect lady.—Columbia State.

The difference between a bolting and a "superseding" convention, which the Roosevelt people are now talking of, is just about equal to that between a third term and a third consecutive term.—New York World.

Nobody can yet pick the nominee at Baltimore with any certainty, but two facts stand out clearly enough. Talk of a dark horse has dwindled almost into nothingness, and Woodrow Wilson's prospects are growing brighter every day.—Charlotte Observer.

One thing that is hard to understand is that notwithstanding all the talk of Roosevelt about "naked theft" and the lurid speeches of Campaign Manager Dixon, that most of the contests brought by the Roosevelt people have been settled unanimously in favor of Taft, and that in many instances a Roosevelt man on the committee has moved the seating of the Taft delegates.—Raleigh Times.

CAMPAIGN OF HON. N. A. SINCLAIR

Whiteville, N. C., June 17.—Hon. N. A. Sinclair reached Columbus county last Wednesday on the noon train and made a whirlwind campaign of three days.

He can truly waft the tiding of the Democrats of the Sixth Congressional district veni vidi vici.

We do not believe there is a voter who heard Hon. N. A. Sinclair speak but will be his enthusiastic supporter at Tuesday's primary.

Wednesday night Mr. Sinclair made his first speech at New Hope, four miles out in the county from Whiteville. This is one of the strongest Democratic townships in Columbus county and two years ago Godwin received every vote but six. It is now confidently predicted that Mr. Sinclair will carry that section by overwhelming majority.

Every seat in the school house was occupied by representative farmers and a raid had to be made on another building to provide seats for the crowd.

Thursday night Mr. Sinclair spoke to another large and enthusiastic audience at Chadbourn, and on Saturday he addressed a large number of farmers and business men at Tabor.

It is impossible, in a brief synopsis, to do anything like justice to Mr. Sinclair's eloquent and convincing addresses. He was at his best, and did himself and his friends proud. Mr. Sinclair pitched his campaign on the very highest plane. He did not attack Mr. Godwin's private character but did handle his official record without gloves. Mr. Sinclair showed that Mr. Godwin supported and voted for an increase in the electoral vote and membership of the lower house, and which gave the Republican States twenty-one votes and the Democrats only 11 votes. Mr. Sinclair explained Godwin's evident reason for this outrageous proceeding on a part of a Democrat. He said that under the old apportionment North Carolina would lose one Congressman, so rather than imperil his own chances to be re-elected to Congress he greatly weakened the strength of his party and entailed an unnecessary burden on the taxpayers.

He also arraigned Congressman Godwin for another act in which he misrepresented his people. When the bill was presented to elect United States Senators by direct vote of the people, an amendment was attached thereto putting such election in the hands of the United States authorities. Mr. Godwin's vote was not recorded. He was not at his post of duty, defending and looking after the rights of the citizens of the Sixth Congressional district and the entire South. Mr. Sinclair charged that Congressman Godwin had used corrupt means to secure his nomination and election, and had given certain prominent leaders both money and other "inducements."

Mr. Sinclair sacathingly denounced this "snap" June Primary, which was forced upon our district, and the farmers especially at their very busiest season of the year." He charged that Godwin wanted to hold this primary in the month of May, and his intent and purpose was to shut off a joint debate and thus prevent public issues being discussed. Mr. Sinclair showed that Mr. Godwin was in Whiteville the day before his arrival; that he knew of his appointment to speak, and wanted to know why he did not stay in the county to meet him and answer these charges. He told about the general and promiscious distribution of the pictures of Congressman Godwin, wife and children.

CLUB DEMOCRATS.

SUGGESTIONS TO LEGISLATORS

Editor Morning Star:—As there has been some suggestions as to our legislators to be elected this Fall, I wish to say the people should look well into this matter and not nominate a man because of his willingness to go to Raleigh, but because of his ability to serve the best interest of all the people after he gets to Raleigh. Our county has felt the need of some relief in the way of extra judges more than once during this year, as our dockets are over-run with cases (some 250 or more) some of them being over twenty-two years standing. Now, I wish to offer some suggestions, which I think would give us the necessary relief, if they were enacted into law.

1st. I think our judges' salaries should be based on the number of days they are expected to hold court, at a fair amount per day, and should any judges fail to hold his full allotment of courts, then pay him pro rata for the ones he did hold.

2nd: I think there should be appointed, or elected a judge protem. in every district in the State to take the place of regular judges that were unable to hold his regular routine of courts. These judges protem. to be entitled to and clothed with same authority with same rate of pay per day for actual services as the regular judges.

3rd: To elect a competent petty jury to serve at least two years in every district in the State, this jury to go around with the judge ready sworn in and impaneled for business as soon as the judge takes his seat, etc.

4th: That no judge or judge protem. be allowed to adjourn court so long as there were any cases on the docket in the county in which he was holding said court.

5th: That no civil issue suit be allowed to run through more than four courts without coming to a hearing under penalty of being nol prossed at the expense of the side not being ready for trial at said 4th term of court, after said suit was begun.

6th: That our nominees for both branches of the Legislature must agree to use all honorable means to establish a legalized Statewide primary election law.

7th: That our Senators and representatives in Congress be instructed to pass such laws as are necessary to prevent whiskey being shipped into dry territory in any part of the United States from any other State.

8th: That our Congressmen use their best efforts to bring about the election of the President and the U. S. Senators by the popular vote of the people instead of by the Legislature and electoral colleges, as is the custom now. We are said to be a free people, but unless we elect legislators and members of Congress that will enact laws that will give all of the people equal and swift justice before the law and a moral uplift to the community in which we live, then our boasted freedom is a farce and a blot on this progressive age of the Anglo-Saxon race. Let us hear from readers as to our needs, so we can exchange ideas as to the best thing to be done to give the necessary relief, etc., always remembering that the people are the power behind the law, if they will only exercise that power righteously.

SIXTH DISTRICT PRIMARY

Election to Determine Who Will be Next Representative in House. Godwin and Sinclair Opponents.

The Republican National convention at Chicago today will share the honors in interest in this section with the primary which will be held throughout the Sixth District to nominate a Democratic candidate for the House of Representatives. The primary will be held at the usual polling places from noon until 7 P. M. Hon. H. L. Godwin, the incumbent, and former Solicitor N. A. Sinclair are the two candidates and each is claiming the victory.

It is hardly thought that the vote will be heavy, as from all indications the contest has not aroused a great deal of interest in the district. The two candidates are both recognized as able men, and Mrs. Godwin is making the race on his record in Congress while Mr. Sinclair stands on his record as solicitor of the district.

Relative to the statement of Chairman Geo. Harriss, of the New Hanover County Executive Committee, appearing in an interview in The Star Sunday morning, to the effect that neither candidate had furnished him funds to cover the expenses incident to the election, it appears that the candidates will have the money in Mr. Harriss' hands by today. In fact, Mr. Harriss has already received a draft covering Mr. Godwin's share of the expenses, and he also had a long distance telephone message from Mr. Sinclair yesterday that he would reach the city last night to attend to the matter.

The polls will open promptly at noon today and will remain open until 7 P. M. The balloting will be done in the usual paces in the city and county. Both candidate are urging that everyone go to the polls and express their preference. Any Democratic voter who is qualified to vote in the general election next November, is qualified to vote in the primary today.

Mr. Sinclair was in the city last night and had a conference with Chairman Harriss, of the Executive Committee, following which the latter announced that the matter of expense had been settled and that the expenses of the election would be borne by the two candidates.

Later Mr. Sinclair stated to a Star representative that in accordance with the plan agreed upon he had deposited his certified check for the amount necessary to cover his share of expenses with Mr. Geo. B. McLeod, the secretary of the District Committee, last April. Mr. Sinclair spoke very optimistically of his prospects and declared that if he carries New Hanover county, he will easily beat Mr. Godwin.

He stated that he had just made a trip over the district and found a wonderful change in sentiment compared to two years ago. Mr. Sinclair said that he had received many letters from parties in Mr. Godwin's home county saying that he would not get the vote there he did two years ago. Solicitor Sinclair was of the opinion that he will receive a very large majority in Southport and said in many of the largest townships throughout the district his majority would reach the proportions of a landslide.

MR. LIPPITT IN SAVANNAH

Defends the Stand Taken by the Bremen Cotton Men

Mr. D. H. Lippitt, the Bremen representative of Messrs. Alex. Sprunt & Son. of Wilmington, visited Savannah, Ga., last week and Saturday's Savannah Morning News had the following:

"D. H. Pippitt, member of the firm of Alexander Sprunt & Sons, prominent cotton factors of Bremen, was in Savannah yesterday and visited the Cotton Exchange.

"Mr. Lippitt visits Savannah annually to confer with the correspondents of his firm and study the cotton business from this angle. He declares with some emphasis that the stand taken by the Bremen Cotton Exchange in regard to the protests of American shippers is a justifiable one.

"The American exporters kicked against what they claimed were unjust penalizations on cotton shipments. The Appeal Committee of the Bremen Exchange is blamed for the alleged unfair awards on American shipments. Mr. Lippitt declares the cotton received in Bremen this year is inferior, and that the grades do not come up to the standards required. In consequence, he says, the awards were large.

"Mr. Lippitt believes the tangle can be adjusted without seriously affecting the relations between the ports of Savannah and Bremen."

BIDS FOR SEWERAGE PLANT

Will be Opened Today at Noon by City Council for Proposed Municipally Owned Sewerage System—Many Bidders Here.

Although the controversy between the city and the Wilmington Sewerage Company relative to the existing plant has never been settled, the City Council today at noon, in pursuance of an advertisement, will open bids for the construction of an entirely new municipal sewerage system to be built in accordance with plans prepared by Hazelhurst & Anderson. A number of bidders arrived last week, others came in yesterday and still others are expected this morning.

It is not probable that the contract will be let today and it may be several days before the award is made. There is some likelihood of Council rejecting all the bids, which it has reserved the right to do. If the proposals are in accordance with the specifications and the prices are anywhere in reach, Councilman W. E. Perdew, in charge of the Department of Water and Sewerage, will recommend that the contract for an entirely new system be let just as soon as the engineer can finish the work of tabulating the bids. Whether or not he will receive the support of a majority of the members of Council on the proposition, with the controversy with the Wilmington Sewerage Co., still unsettled, remains to be seen.

There has been some talk of sewering the outlying districts, as far as the money in hand will hold out, and leaving it to the Wilmington Sewerage Co., to take care of the people living in the territory served by the company.

The plans of Hazelhurst & Anderson call for a system 38 miles in length, and for the construction of a main sewerage line along Water street extending southward as well as for disposal basins. Eight inch pipe will be required for a greater portion of the system.

Many friends in Wilmington of Judge G. S. Ferguson, of Waynesville, will learn with regret of the death of his wife, who has been ill for several months. The following is a special from Waynesville to some of the State papers:

MR. W. M. BAILEY DEAD

Passed Away Yesterday Morning—Funeral Services Yesterday

Mr. W. M. Bailey, who returned to this city from Emporia, Va., Sunday afternoon, died yesterday morning at 1 o'clock at his residence, No. 718 North Seventh street, following a long illness. Mr. Bailey had made this city his home at intervals for several years. He was a sufferer from tuberculosis and rheumatism of the heart, and his death occurred principally from the latter disease.

In some manner a rumor became current yesterday morning to the effect that Mr. Bailey's death was due to unnatural causes. Chief of Police John J. Fowler and Dr. C. D. Bell heard the report and visited the home. They ascertained that his death was entirely due to natural causes.

The deceased was about 35 years of age and is survived by his widow, who will have the sympathy of friends in her bereavement.

The funeral was held yesterday afternoon at 5 o'clock from the residence and was attended by a number of sorrowing friends. Rev. W. L. Rexford, pastor of Bladen Street Methodist church, conducted the services. Interment was made in Bellevue cemetery.

Some Hot Yesterday.

With a maximum temperature of 96, a minimum of 74, and a mean of 85, yesterday was the warmest—nay hottest—day of the Summer, bringing dismay to the average citizen and much joy and elation to the hearts of the ice man, the soda fountain proprietor, the ice cream manufacturer and others of that ilk. Those who could, stayed in the shade and talked politics, woman suffrage, crops and other kindred subjects, while those who could not went complainingly and perspiringly about their work, stopping on frequent occasions, however, to fortify themselves with long cool glasses of foam capped, amber colored liquid. However, relief from the excessive heat is promised for today by the weather bureau.

CONVENTION CAME TO END

One of the Most Interesting Meetings in History of the State Christian Endeavor Union Ended Sunday Night.

Following one of the most successful and interesting meetings in the history of the organization, the annual convention of the North Carolina Christian Endeavor Union, which convened in the Memorial Hall at St. Andrew's Presbyterian church Friday night, adjourned Sunday evening, after a final busy day's work. Most of the delegates returned to their homes yesterday morning.

The day began with the consecration service, held at the Memorial Hall from 9:45 to 10:45. This service was conducted by Rev. J. L. Morgan, of Elon College. It was deeply devotional and consisted of Scripture reading and remarks by Mr. Morgan, singing, prayer, and words of testimony from a number of the delegates.

The consecration service continued for an hour, after which the delegates attended the morning services in the churches of the city. A number of the local pulpits were filled by the visiting ministers in attendance on the convention.

No afternoon session of the convention was held, and the delegates attended the Sunday Schools in different churches.

Beginning with a model prayer meeting service, the closing session of the convention was held in the evening, starting at 7:30. Rev. Dr. A. D. McClure, pastor of St. Andrew's, conducted the model prayer meeting, the subject being "The Duty of Being Pleasant," and a large number of the delegates took part in the service.

The attendance at this service and at the closing session of the convention which followed, was the largest during the convention. A solo by Mr. F. W. Tremain, rendered during the model prayer meeting, was much enjoyed. His son, Martelle Tremain, gave valuable services to the convention in the capacity of pianist at all of the meetings.

The prayer with which the closing session began was led by Rev. L. F. Johnson. Before the programme was taken up, Mrs. Geo. Boylan sang a solo which added much to the interest of the session.

The report of the committee on nominations was submitted and was adopted, following which the following named were elected as officers of the State Union for the coming year:

President—Rev. R. E. Steele, Lumberton.

First Vice President—Rev. Earl J. Harold, Greensboro.

Second Vice President—Rev. L. F. Johnson, Raleigh.

Third Vice President—Miss Isabel McDougal, Wilmington.

Business Board—Prof. T. C. Amick, Rev. C. Manly Morton, W. A. Harper, Rev. Howard Ronthaler, Rev. Shuford Peeler, and Rev. A. D. McClure.

Secretary—Miss Florence Ledbetter, Greensboro.

Treasurer—J. P. Russell, Lumberton.

Vice president of the World's Christian Endeavor Union—President W. A. Harper, of Elon College, for a term of four years.

The report of the auditing committee was presented and adopted. This report approved the account of the treasurer of the State Union for the past year.

Dr. McClure stated that he desired the convention to heartily adopt this report, especially on account of the fact that Miss Mamie Bays, the efficient State treasurer for the past several years, had declined to be re-nominated, having appeared before the committee on nominations and given satisfactory reasons for her decision in the matter. He stated further that one of the difficulties of the nominating committee had been to find a person to succeed Miss Bays in this office. Miss Bays has also held the office of press superintendent since it was made a part of the State Union, and having resigned that office also, no successor was elected.

"Efficiency in Soul Winning," was the subject of the address of Rev. F. J. Mallett, Ph. D., of Salisbury. He emphasized first the duty of individual Christians to win the unsaved to Jesus Christ because first of the influence God has entrusted to them and second because the commission of Jesus Christ, "Go ye into all the world and preach the Gospel to every creature," has never been revoked.

The speaker then presented statistics in proof of his statement that in all of the churches of the present time there is a lethargy in the work of soul winning.

The closing address was delivered by Rev. J. L. Morgan, of Elon College, who spoke especially of the importance of leading children and young people into the Christian life.

Following this address Mr. Morgan presented the financial claims of the State Union and urged that $250 be pledged for this cause the coming year. The amount secured as announced amounted to $155 in pledges and $17.50 in cash, a total of $172.50.

The "Increase Banner," was awarded to the Young People's Society of the First Presbyterian church, this city, Dr. Mallett announcing the award. Mr. J. M. Wells, Jr., received the banner in behalf of the society and expressed the appreciation of the society to the convention.

Announcement was made that the banner to the Junior Society making the most satisfactory progress would be awarded to the Junior Society of the Christian church, Raleigh. Master Stevenson, a member of that society, spoke to the convention of his pleasure at being present and expressed appreciation for the award of the banner.

Miss Mamie Bays made an interesting announcement regarding the excellent work being done by the society of the Williams Memorial Presbyterian church in Mecklenburg. During the past year this society, with a membership of 35, has contributed to all causes the sum of $49.86 and is one of the most active organizations in the State Union. Miss Bays also assured the convention that while she had declined to serve longer as an officer of the State Union for the present, her interest in Christian Endeavor had by no means declined.

The report of the committee on resolutions was presented and was adopted by a rising vote. The delegates then formed the Mizpah circle while Dr. McClure led the closing prayer, after which the delegates united in repeating the Mizpah benediction and the convention adjourned.

Raleigh was selected as the next place of meeting for the convention. The invitation was extended by Rev. L. F. Johnson, pastor of the Christian church, on behalf of his church and the First Presbyterian church of the Capital City.

PAPER THIEF GOT 60 DAYS

Negro Bay Sent to Farm for Larceny Of A Copy of The Morning Star—Other Cases Before Recorder Yesterday

For the larceny of a copy of Sunday's issue of The Morning Star, from where it had been thrown for a subscriber, Julius Galloway, a colored boy of avout 15 years of age, was sentenced in the Recorder's court yesterday to a term of 60 days on the county farm. The local papers have had consederable trouble lately with paper thieves and Galloway's experience will doubtless be a sufficient warning to any others who may attempted to read the news at someone else's expense.

The case against Galloway was very cleverly worked up by Mr. L. L. Childs, circulation manager of The Star for the southern district of the city. Subscribers in the vicinity of the High School building had been missing their papers for some time. Mr. Childs marked his name on the copy of the paper which was to be delivered at the High School building for Moses Jones, the colored janitor, who is a subscriber. Mr. Childs stationed himself in the neighborhood and watched. Shortly after the carrier threw the paper into the High School grounds Galloway appeared and picked it up. Shortly thereafter the negro offered to sell the paper to Mr. Childs and he bought it. He looked on an inside page and found his name where he had written it earlier in the morning. The boy was arrested and tried yesterday, guilty of the larceny of a pair of shoes and was sentenced to six months on the county roads. William Harriss, colored, charged with attempting to commit a felony, was found guilty and sentenced to three months on the county roads. He took an appeal to the Superior Court. The evidence was that the negro attempted to pawn a bicycle that belonged to someone else for the sum of $3.

Lisbon Milton, colored, charged with the embezzlement of about $130 from the Independent Ice Company, waived examination and was sent over to the Superior Court under $50 bond. After a conference with those interested the prosecuting attorney recommended a light bond. Milton came in and gave himself up to the police some days ago.

Emma Brown, colored, contributed $9 and costs for disorderly conduct. Judgment was suspended on payment of the costs in a case against Wm. A. Bordeaux, white, charged with an assault with a deadly weapon. A nol pros was taken in a case charging him with carrying a concealed weapon. John Samuel, colored, was fined $10 and the costs for being drunk and disorderly.

In a case charging Mattie Woodbury, colored, with the larceny of a pair of shoes from Robert Lewis, judgment was suspended on payment of the costs on condition that she return the shoes to Lewis.

Herman Tietgen, white, was found guilty on a charge of being drunk and disorderly and was fined $10 and costs. Mr. James Perry, who with Mr. Freeman Yopp was charged with an affray, was called and failed. A capias was issued for him. Mr. Yopp was in court. Perry was arrested Saturday afternoon and Mr. Yopp went to the station and gave himself up to Chief of Police Fowler. Both men were recognized for their appearance. J. R. Jones, a white man, was assessed $10 and costs for disorderly conduct. Ellen Glover, colored, contributed $10 and costs for being drunk and disorderly. Fred Jones, a one-legged negro, was found guilty on a charge of vagrancy, but the case was left open for judgment.

Otis Repley and Ben Edge, both colored, were found not guilty on a charge of an affray, but Edge was convicted of an assault with a deadly weapon upon Repley. The case was left open for judgment.

AN UNUSUAL CRIPPLE.

Had Plenty of Money and Also an Appetite for Fighting.

Standing on his crutches on the shady side of Front, between Princess and Chesnut, with money orders and cash in his pockets amounting to $123.50, and seemingly under the influence of whiskey, Edward Long, a one-legged white man, yesterday stretched forth his hands to the passersby and implored financial aid. Handing to all who would accept the printed cards reading "How sad it is to go through life a cripple," and "Please Help a Poor Cripple," Long was not unsuccessful in his appeals for help and many a generous person responded.

But alas for his plans. Patrolman A. D. Smith happened along and became suspicious. He placed Long under arrest on a charge of being drunk, and took him to the police station. Here, when the officers started to search him, the man resisted, with surprising agility for a cripple. He gave the officers quite a tussel and in addition he told them what he thought of them, expressing himself with utter abandon and a vocabulary that was picturesque, pessimistic and profane. He was overcome, however, and an inventory taken of his personal goods and chattels. Four money orders, each for the sum of $25, were found in his pockets, each of them payable to him at St. Augustine, Fla. They were also sent by him. They had been issued from the postoffices at Selma, Burlington, Williamston and Kinston, all since May 21st. In addition he had cash amounting to $23.50.

Long was locked up on a charge of being drunk and of resisting the officers. He will be tried before the Recorder today probably.

FUNDS FOR MEREDITH COLLEGE

Baptist Churches Here Contribute Liberally to Institution

Representing Meredith College, the Baptist institution for women at Raleigh, Rev. Dr. C. V. Thompson and Prof. Lineberry were in the city Sunday and occupied pulpits at the Baptist churches, Dr. Thompson at the First church and Prof. Lineberry at Brooklyn church.

One year ago the Educational Board at New York proposed to give Meredith College $50,000 provided the Baptists of the State would pay off the indebtedness of $14,000 and raise an additonal sum of $100,000. Up to Saturday only $12,500 was lacking to complete this amount, and it was for the purpose of making a final appeal that the two ministers appeared here.

At the First Baptist church $2,860 was pledged and at Brooklyn $500. The matter was not presented at the Southside Baptist church, but will be next Sunday. However, this church has already raised $36. Previous to this the Baptist churches here had given $3,100 toward the sum, making a total for Wilmington of $5,496, which is the largest amount given by any city in the State outside of Raleigh, where the college is located. The Business Men's Bible Class of the First Baptist church gave $1,320 of this amount, which makes it the banner class of the State in this respect, having suoscribed $500 more than any other class.

Dr. Thompson declared that he had never before been more courteously received nor had ever seen readier or more gracious response to an appeal of this kind than was made by the Baptists of Wilmington.

INSTITUTE AT GRACE CHURCH.

Epworth League and Sunday School Meetings Held Yesterday.

Sunday School and Epworth League Institutes were held at Grace Methodist Church yesterday, the former in the morning and the latter in the evening. The Sunday School Institute began at 10 o'clock and was in charge of Mr. M. W. Brabham, Conference Sunday School secretary. Mr. Brabham made an excellent impression on those who were present, and it is the opinion of all who heard him that he is one of the most efficient and tireless Sunday School workers in the church.

The Epworth League Institute last night was in charge of Rev. C. M. Lance, of Southport, district secretary of the Epworth League. Rev. W. L. Rexford, Rev. G. T. Adams, Miss Gregg and Mrs. Brice made addresses and in addition the meeting was lent interest by an interestiug musical programme. The Acme Male Quartette rendered several selections.

There will be an institute of similar character at Whiteville tonight and Wednesday.

State Medical Society

Accompanied by Mrs. Galloway, Dr. W. C. Galloway left yesterday for Hendersonville, where he will attend the 59th annual session of the North Carolina Medical Society. Dr. Galloway will read a paper on the late Dr. Wm. J. H. Bellamy, of Wilmington, and also a paper on the late Dr. Jones, of Snow Hill, both of whom he knew intimately. He will return to the city the latter part of the week.

Goes to Baltimore for Operation.

Many friends in Wilmington and this section of North Carolina will regret to learn that it was necessary for Mr. J. F. Moore, of Currie, president of Moore's Creek Battle Ground Association, to go to Baltimore, Md., for an operation, which will be performed this morning. He is suffering from a form of stomach trouble. His many friends will hope for his early recovery.

TRAIN FAITHFULLY ON SHIP.

U. S. Athletes Even Hurl Discus and Hammer Aboard Finland.

On Board Steamship Finland, at Sea, June 16, via Wireless—The entire United States Olympic team, excepting the cyclers, is training as strenuously aboard the Finland as though they were on land.

All the athletes, who Trainer Murphy today declared to be in the very pink of trim, are going through two daily work-outs, thus being occupied practically the entire day, directly or indirectly, in putting the final touches to their training.

Even the discus and hammer throwers are keeping in practice. A stout rope is attached to the discus and aammer, which the athletes are then at liberty to fling as far out into the ocean as their strength will permit.

WILSON AND CLARK

Both Candidates Have Legal Credentials from South Dakota

Pierre, S. D., June 17.—Indications are that both the Wilson and Clark factions of the Democratic party in South Dakota will go to the Baltimore convention with credentials that are legal insofar as the State law is concerned.

The law provides that both the State canvassing board and the chairman of the State committee of each party may issue credentials. It is understood the Wilson factions will carry State board credentials and the Clark delegates the chairman's credentials.

$100 Reward, $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

THAW TRIAL BEGUN

Alienist Testifies that White's Slayer Is Still Insane

White Plains, N. Y., June 17.—Harry K. Thaw's own alienist, Dr. Roy L. Leak, subpoenaed by Thaw's lawyers to aid in his legal fight for freedom, assisted the State this afternoon in its effort to keep the slayer of Stanford White in the Mattewan asylum. Dr. Leak, who is second physician at the asylum, testified before Justice Keogh in the Supreme Court that in his opinion Thaw was "constitutionally inferior."

"Can he recover from that?" asked William T. Jerome, former district attorney of New York, who is attorney for the State.

"No."

"Are such persons apt to do strange things when under stress or under the influence of liquors?"

"They may."

"Do they have delusions of persecution?"

"They do."

"And when they drink they resort to acts of violence, do they not?"

"In a great many cases."

Dr. H. Ernest Smith, alienist of White Plains, and William Vanamee, lawyer of Newburgh, testified that they thought Thaw rational.

Dr. William M. White, alienist in charge of the United States government hospital at Washington, testified that he had examined Thaw on three occasions recently, the latest being last Thursday, when he spent three hours with him. The witness added that he had found no evidences of paranoia.

"Thaw is not insane," he said, "and it would not be unsafe to the community to liberate him now."

The hearing will be continued tomorrow.

SUFFRAGISTS JOYFUL

Hold Meeting In Recognition Roosevelt's Announced Stand

Chicago, June 16.—Suffragists at a meeting held today in recognition of Colonel Roosevelt's announced stand in favor of woman suffrage heard from Judge Ben S. Lindsey, of Denver, how the former President told the Judge of his position. It was Judge Lindsey who made the public statement that the Colonel would favor equal suffrage.

"The minute I mentioned woman suffrage to him his teeth came together with a click," said Judge Lindsey. Then he said: 'I am for woman suffrage without any qualification whatsoever.' Knowing that I was telling the truth and that there was no danger of my being put in the Ananaias Club, I broke the news to the press."

Gifford Pinchot also spoke. He predicted that under the leadership of Roosevelt the corrupt element would be driven out of politics.

Mrs. Frederick Nathan, president of the Consumer's League of New York, said she had made an unsuccessful attempt to interest William Barnes, Jr., in equal suffrage. "He informed me he did not approve of equal suffrage," she said. "Had I not become so politic by association with politicians I would have told him he was just the kind of man we expected to be opposed to our cause."

Mrs. Catherine Waugh McCullough praised Senator La Follette and President Taft as friends of woman suffrage.

Mrs. C. P. Moore Dead.

Mrs. D. O. Westbrook received a long distance telephone message last night from her father, Mr. C. P. Moore, of Bannermon's, conveying the sad intelligence that her step-mother passed away at 6 P. M. Mrs. Moore has been in failing health for quite a while and her death was not entirely unexpected. The funeral will be held from Mt. William Presbyterian church tomorrow morning at 9 o'clock.

Famous Dancer Gives Complexion Secrets

(Aileen Moore in Beauty's Mirror.)

I've learned the secret of Dolores' entrancing beauty—the wondrous charm that has dazzled the courts of Europe and capivated vast audiences everywhere. The famous dancer abhors rouges and cosmetics. Yet, despite the strenuosity of her life, she retains the incomparable complexion best described as "indescribable". An intimate friend tells me the senorita regularly uses on her face what druggists know as mercolized wax. This is applied at night in the manner of cold cream is used and washed off in the morning. It absorbs the dead particles of skin which daily appear, and a fair, safe, fresh, girlish complexion is always in evidence.

Dolores' skin is not marred by a single wrinkle, not even the finest line. She wards these off by daily bathing the face in a solution made by dissolving an ounce of powdered saxolite in a half pint witch hazel. As your drug stores keep these ingredients, as well as mercolized wax (one ounce of this is sufficient), no doubt your readers will welcome this information.

At The Grand

"The Angel and the Stranded Troupe," a fly-by-night dramatic company playing all of the "tank towns" on the map, finally comes to grief in Farm City where they play to the smallest house of the season, receiving only four dollars and thirty cents gross. Having no money to pay their hotel bill or railroad fare they are left high and dry at the mercy of the hard-hearted landlord who refuses to serve them any more meals until money is forthcoming.

The troupe holds council as to what course to follow but reach no decision. In the meantime, the leading man has made the acquaintance of Squire Mudge, a venerable townsman, who invites him and "a friend or two" out to dinner. He takes along the company and they enjoy a splendid dinner. That night the proprietor not only refuses to serve supper but denies the tired troupe lodging and the night is spent in the hotel office. The kind old squire hears of their straits the next morning and comes to their rescue, not only paying their hotel bill but also furnishes them transportation to their homes to their great joy.

This is a comedy composed of character work, each individual hit being a gem.

Another film, "Max Is Convalescent," will also make a big hit with theatregoers. In the picture Max arrives at his home town where he is joyfully met. Everyone will be interested in the home and family of Max, the King of motion picture comedians.

At the Bijou.

There was a "warm number" show at the New Bijou yesterday, but there was a delightfully cool feeling for all who witnessed it, because the Bijou's swell electric fan system and its equally as fine ventilation made the amusement palace most comfortable and a place to be sought, especially for this reason. In fact, the New Bijou was an oasis yesterday, and played to enormous business during the afternoon and last night. The giant sized crowds were immensely pleased, too.

Today the Bijou will offer another superb bill, one that will especially smack of the novel and fascinating, while, of course, it will afford a cool spot to all who want to baffle the grasp of the heat. One of the topliners today is a film that savors of stage life. This special photoplay is Lubin's "Honor and the Sword," and it tells of the love of a rich man's son for an actress and the adventures and hard luck that follow. The sights back of the scene and the thrilling fencing duel are decidedly interest. Among the many other fresh films on today's big programme is another notable one, "A Sister's Devotion."

Mr. C. M. Patterson, of New York, City, returned last night to the metropolis after a visit of several days to Wilmington. Mr. Patterson is a frequent visitor to this city and is a firm believer in the future of the town. It was reported last night on splendid authority that Mr. Patterson will very likely make a large investment in Wilmington in the near future, the idea being that he is looking ahead to the great development of the port that will come with the opening of the Panama Canal.

OPENING ADVANCE WAS LOST

The Cotton Market Opened With A Gain, But This Was Lost As A Result of Heavy Realizing —Close Was Steady

New York, June 17.—An opening advance in the cotton market was lost as a result of heavy realizing and the close was steady, but at a net decline of 1@4 points.

The market opened firm at an advance of 9 to 12 points in response to relatively firm Liverpool cables, big English spot sales and a private crop report indicating a deterioration of a little less than one per cent. in the condition of the crop since the government bureau report was made up toward the end of last month. Realizing was extremely heavy on this advance, which carried prices back to within 4 or 5 points of the high levels established on Saturday morning, and the market eased off to a shade under the closing figures of the previous night, in consequence. Favorable weather conditions in the belt over Sunday probably inspired part of the selling, but as had been the case last week, the bulk of the pressure was said to reflect a reduction of some of the leading long lines. When this selling slackened, the market showed a disposition to rally, and at one time during the middle of the day worked 3 or 4 points net higher, but weaker again later on rumors that some of the domestic mills were offering to resell small amounts of high grade cotton and renewed realizing by leading bull brokers. Closing prices were within a point or two of the lowest.

Receipts, 3,137 bales, against 7,387 last week and 896 last year. Today's receipts at Galveston, 911, against 159 last year; New Orleans, 100, against 353 last year, and at Houston, 803, against 80 last year.

Spot, quiet, 10 points lower; middling uplands, 11.80; do. gulf, 12.05; sales, 50 bales.

PICKPOCKETS ARRESTED.

Chicago Police Nab Fifteen Convention Crooks.

Chicago, June 17.—Fifteen alleged pickpockets were rounded up today at the Central police station. They were arrested on street cars and in public places by detectives looking for "convention crooks" attracted by the opportunity for thieving.

Two of the prisoners, the police say, admitted they came from New York in the hope of reaping a rich harvest of pocketbooks and jewelry, and another said he hailed from Texas.

POLITICS DEADLOCKS MARKET

Trading In Stocks Was of A Very Small Volume—News From Chicago Eagerly Awaited—Crop News More Favorable

New York, June 17.—The one notable feature of today's stock market was the fact that it marked almost the smallest volume of operations thus far in the current year. From the opening of the session until its close trading was dull and narrow. The movement was of the most restricted character, except in certain specialties, particularly the Tobacco issues.

Politics formed the one absorbing topic and news from Chicago was awaited eagerly. Veteran observers opinioned that the market is likely to continue in a virtual deadlock until after the conventions.

Crop news was more favorable by reason of needed rains in certain sections.

Prices of stocks at the opening here were irregular, with some weakness in Canadian Pacific on the heavy tone of that stock abroad. Later, the general list hardened in pronounced manner towards the end of the day, by which time Canadian Pacific had recovered the greater part of its decline.

Reading was the strongest with the speculative favorite, with late underlying strength in Union Pacific and United States Steel. Final dealings were attended by more activity, which contributed to a steady close.

The only feature of note in the bond market was an advance of 2 points in Wabash refunding fours. Prices elsewhere inclined to irregularity.

Total transactions, par value, amounted to $2,004,000. United States bonds were unchanged on call. Total sales of stocks today, 142,300 shares.

KILLED ON HONEYMOON

Train Strikes Automobile Crushing Man and Wife

Erie, Pa., June 17.—T. A. Snider, a millionaire manufacturer of Cincinnati, Ohio, and his wife who were on their honeymoon, were instantly killed late today when their automobile was struck by a fast train at a crossing of the Lake Shore and Michigan Southern Railroad at Harbor Creek, near here. Miss Ethel Stanton, a daughter of Mrs. Snider, was seriously hurt, while the chauffeur, Harold Leet, escaped with minor injuries.

The bodies of Mr. and Mrs. Snider were terribly mangled.

About three months ago Snider married Miss Harry Stanton, the widow of a Philadelphia woolen manufacturer. It was his second marriage. Snider was 70 years old and his wife 40.

POLITICAL POT SEETHING ON THE EVE OF WATERLOO

(Continued from Page One.)

center of the first great fight, was ill tonight and under the care of a physician. He could speak scarcely above a whisper, but hoped to be in condition tomorrow to make the opening address of what is expected to prove the most momentus gathering of the Republican party in National conclave. The Taft people tonight selected former Representative James E. Watson, of Indiana, as their floor leader to match witnesses and parliamentary knowledge with Governor Hadley, of Missouri. Both chieftans will have a staff of assistants constantly at his side and some shrewd moves are expected.

Incidentally the Roosevelt minority members of the National Committee are preparing protests to file before the Committee on Credentials when it comes to pass upon the contested seats. The most vigorous fights will be made in the cases of the two delegates from the Ninth Alabama district, the two from the Fourth California and all of the Roosevelt men in the Texas and Washington delegations. This protest eventually will be taken to the floor of the convention.

If defeated in all their preliminary moves the Roosevelt forces will continue their fight on the report of the Committee on Credentials and on Senator Root for permanent chairman. Every move in the Taft programme will be stubbornly contested and it will only be as a last resort that a bolt, or a second convention in the convention hall will be held.

The Taft headquarters issued statements tonight declaring that nearly all of the delegates claimed last night by the Roosevelt people as having gone over to their side today had signed pledges of fealty to President Taft.

An interesting side-light on the tense situation was the action of the Roosevelt Oklahoma delegation today in defeating 18 to 2 a motion to bind the delegates to support the nominee of the convention.

Colonel Roosevelt tonight expressed confidence that his followers would control the convention and that he would be named as the candidate for President. Following a reception to several delegations late in the afternoon the colonel said he was ready for the fight.

Senator Dixon, head of the Roosevelt campaign, spent hours talking with Southern delegates, many of them negroes, and tonight reiterated his claim that many of the Taft delegates had come over to Roosevelt.

Mr. Roosevelt received in his headquarters during the day scores of delegates, among them seven of the Iowa delegates instructed for Cummins who were declared to have pledged their support to the Roosevelt organization programme; two of the delegates from Hawaii and delegates from New Jersey, Massachusetts and West Virginia.

Members of the Wisconsin LaFollette instructed delegation were the last to call on Mr. Roosevelt and their visit caused considerable comment. That some of the delegates, and probably all of them, would support the Roosevelt organization programme was reported. It was also reported that should the LaFollette delegates support the Roosevelt temporary chairman, Governor McGovern might be made the temporary chairman instead of Senator Borah.

One rumor that reached the Taft headquarters today was that the Roosevelt leaders had planned to place defeated contestants for seats in the convention hall in the place of delegates awarded places by the National Committee. The rumor had it that Cecil Lyon, of Texas, and other Roosevelt members of the National Committee, who had charge of the distribution of tickets for their States, would not give up the credentials to the Taft men, but would issue them to the defeated Roosevelt delegates. The rumor gathered momentum as it went through the crowded lobbies and when it reached Taft headquarters it was declared that five States were following this plan.

The report struck the Taft leaders like a thunderbolt and within five minutes after it had reached Director McKinley, Senator Root, Senator Penrose and James E. Watson, of Indiana, former Republican whip of the House of Representatives, went into conference as to what course it would be necessary to pursue in order to bar the contesting delegates from the hall. It was contended that new credentials might be issued to the Taft delegates or the sergeant-at-arms of the convention might be instructed to keep the Roosevelt delegates out. While the conference was going on a number of National Committeemen were summoned. Before they arrived it was discovered that Col. Lyon had turned over the Texas credentials to the Taft delegates and that there were but two Taft delegates—from the Fourth district of California—who had not received their credentials. The conference heaved a sigh of relief and broke up.

Summarizing the events of the day the Taft managers tonight issued a declaration that there had been no defections from the Taft column and that the efforts of the Roosevelt managers to secure Taft votes was a confession of weakness.

REPEAL SHERMAN LAW

Wickersham Says Amendments to Civil Bill Virtually Do This

Washington, June 17.—The House has so amended the Sundry Civil Appropriation bill as virtually to repeal the Sherman anti-trust law, in the opinion of Attorney General Wickersham, if the provision is finally enacted into law.

The Attorney General said: "This action strikes at efficiency and is one way of repealing the Sherman law."

FAVOR LAND OWNERS.

Decisions Involving 200 Plantations Made by Court of Claims.

Washington, June 17.—Decisions said to control 116 suits involving 200 plantations, worth several million dollars, in the flood section of the Mississippi river valley between New Orleans and Cairo, Ill., were announced today by the Court of Claims, mainly in favor of the land owners on the question of government liability for damages accruing from levee construction work. For 17 years the controversy has been waged before this court involving the legal liability of the Federal government for having constructed and completed the levee system along both sides of the Mississippi river by confining the flood waters in a narrower channel and placing plantation lands between the improved levee system and the low water banks of the river, now in the adopted artificial channel and thus destroying these lands.

Owners of land occupied by the levees and dikes and not condemned or paid for won by a decision in their favor last February in the George F. Archer case. By the Mrs. Mary E. Hughes case decided today the owners or land occupied by the levees and the river low water banks in the artificial channel have won, Mrs. Hughes being given a judgment for $90,000 as the value of her Timber Lake plantation.

The government, however, won by divided court in the Mattie Jackson case, involving the lands located between the improved levee system on the west bank and the foot hills on the east bank, between Vicksburg and Baton Rouge. The court divided in this Jackson case on conclusions of law, although it found values to the amount of $127,951 in favor of the landowners. A question left open in this case was whether the foothills on the east bank have been adopted by the government in the place of building levees and used as such natural protection, which government counsel has not denied. The property owners have been represented by Waitman H. Conaway and the government by John Q. Thompson and William W. Scott. All the cases will be appealed to the Supreme Court for hearing next October.

DOUBLE TRAGEDY

Salisbury Man Kills Woman and Then Self-Rejected Suit

Greensboro, N. C., June 16.—At Salisbury, N. C., tonight Frank D. Chunn, smarting under a second rejectment of an offer of marriage, shot Miss Burnadette Rouesche dead, held off an attendant of her sister at the point of his pistol and then fired a shot through his own temple, falling dead upon the lifeless body of his girl victim. The tragedy occurred on the front porch of the dead girl's uncle, J. W. Rouesche, editor of the Salisbury Post, and almost in the presence of Miss Hortense Rouesche and Mr. Charles Gable.

The four were returning home from church, when one suggested that they go by the home of the uncle. They found no one at home and at Miss Hortense's suggestion Gable went around to the well with her to get a drink of water. They were but a few feet away when a shot rang out. Rushing back they found the girl prostrate, with Chunn holding a leveled pistol toward them. "Get back," he ordered, and almost with the same breath he turned the pistol against his own temple and fired.

Both Chunn and Miss Rouesche were popular and members of well-known families in the community. The girl was 19 years old, the man 23. The girl's body was later removed to the home of a widowed mother, Mrs. Margaret Rouesche. Chunn's body at midnight had not been removed. He is a son of Mrs. Florina Chunn, of Asheville, and was employed in the Southern Railway shops at Spencer.

AFFADIVITS CHARGE BRIBERY

Made Public By Taft Headquarters—All From Mississippi

Chicago, June 17.—Three affidavits charging bribery by the Roosevelt forces, two of them accusing Charles Banks, the negro delegate from Mississippi, who several days ago deserted the Taft standard to join the Roosevelt forces, with using money, were made public at the Taft headquarters here tonight. The affidavits were executed by the Rev. James W. Schumpert, A. Buckley, delegates, and D. W. Sherrod, alternate from Mississippi. All three are negroes. The affidavit of Schumpert charges that Banks showed him a big roll of bills and asked him how much he would want to disregard his instructions for Taft and vote for Roosevelt. Schumpert said he refused to be bought.

Buckley's affidavit set forth that Banks had offered him $300 in installments of $100 to desert the Taft forces. Buckley also refused. The affidavit of Sherrod charged that he had been approached on two separate occasions by Dr. D. S. Rodman, of Jackson, Miss., and by Ed. Bond, of Canton, Miss., and offered money if he would use his influence to shift Buckley's vote from Taft to Roosevelt. Schumpert is presiding elder in the Meridan, Miss., Methodist Episcopal Church Conference and a delegate from the First district of Mississippi.

BARNES FIGURES ON NEW YORK.

Gives Taft 77, Roosevelt Eight and Classes Five Doubtful.

Chicago, June 16.—After the developments of the day those close to William Barnes, Jr., chairman of the New York Republican Committee, took an inventory and decided that the Empire State delegation stood as follows on the question of a Presidential candidate:

For Taft, 77; for Roosevelt, eight; anti-Roosevelt, but not certain for Taft, three; doubtful, two.

Mr. Barnes still classes George W. Aldridge and James I. Hotchkiss, of Monroe, as doubtful. Neither has arrived at Chicago, but when they appear they will be interviewed by both factions of the party.

Those who are classed by the organization leaders as "anti-Roosevelt", are Francis H. Hugo, of Jefferson; William H. Daniels, of Buffalo, and Frederick C. Stevens, of Utica.

These men declare they represent constituencies which do not believe Taft can be elected. They would vote for Justice Charles E. Hughes if his name is presented, and it is intimated that they may vote for him even if his name is not presented formally.

STEAM ROLLER AGAIN

Texas Taft Delegates Run Over the Roosevelt Men

Chicago, June 17.—The Texas Taft delegates today ran a steam roller of their own over the ten Roosevelt members of their delegation. There were thirty of the Taft men and early in the day they invited the Roosevelt adherents to caucus with them. The invitation being refused, the Taft men met and fixed a slate eliminating Colonel Cecil Lyon as National committeeman, and naming H. F. McGregor. Then they sat down and waited.

A second invitation was sent to the Roosevelt camp, Judge C. K. McDowell especially inviting Colonel Lyon.

"Attend my own funeral?" Colonel Lyon explained. "I reckon not. I have no business there, anyhow."

At 4 o'clock 10 Roosevelt delegates came into the meeting singly and in groups.

DON'T BE THIN

No Need of Being Scrawny, Weak and Emaciated

In these days of physical culture and health foods, one would hardly expect to see any thin, weak, emaciated people, but in spite of all this, nearly every person you meet is thin and scrawny.

Good healthy flesh can only be gained by the use of the proper food with thorough assimilation of the fat-giving elements. Nine people out of ten in order to weigh as much as they ought and be perfectly healthy, should use Samose, the great flesh-forming food. Weigh yourself before commencing to use these little tablets.

Samose has valuable flesh-forming and tissue-building properties, and when it is assimilated with the food, it causes the flesh-making elements to be retained and the weight is naturally increased.

J. Hicks Bunting Drug Co., the popular druggists, have sold in the last few weeks, a great many packages of Samose, every one with their personal guarantee to refund the money if it did not give satisfaction and has had but one person ask for the money.

CONVERSATION IN WARREN'S NEW ICE CREAM PARLOR.

Two little girls in blue, while sipping their soda water exchanged views as follows:

Brown-Eyed Maiden—Father puts me on an allowance, and I always save out a dollar or so.

Hazel-Eyed Maiden—That's the policy my father pursues, and I put by my savings in the American Bank.

Brown-Eyed Maiden—I wish I had done so; somehow, all the money I save just goes. It is so handy to get at it. Just watch me, as I proceed to the American Bank.
